Re: 19th World Diabetes Congress, Cape Town, 3-7 December 2006

Dear Ian,

I wanted to let you know what a pleasure it was to work with you and your team before and during the 19th World Diabetes Congress which took place 3-7 December 2006 at the Cape Town International Convention Centre.

The overflow room was an innovative concept, technically complex and difficult to implement. Thanks to the quality of your team and equipment, the system worked perfectly to the great satisfaction of our Board of Management, speakers and delegates.

I would also like to thank you and your team for your commitment to our success and your flexibility during the all congress, and especially for the opening ceremony. Despite the bad weather, and thanks to AV Alliances, we were able to show it to a large number of delegates.

Once again thank you and I hope to be able to work with you again in the future.

With best wishes.
