Balancing the Outcome  
of Manual Therapy

7 April 2004

Mr Ian Cawood  
AV Alliance  
Cape Town International Convention Centre  
Box 6598  
Roggebaai 8012

Dear Mr Cawood,

This letter is to thank you, Collin Swart and the AV Alliance team most sincerely for the absolutely superb audiovisual arrangements at the International IFOMT Congress held at the ICC from 21 – 26 March 2004.

With its 180 international speakers and up to 13 venues running at any one time, this was not an easy meeting but your meticulous planning, your attention to detail, your unflappable, considerate and hugely knowledgeable staff contributed enormously to making this a very successful Congress. We have had countless thank you letters from the speakers, specifically mentioning the very high standard of the audiovisual aspects of the conference. Many of them pointed out that they had spoken at several conferences around the world and that the audiovisual aspects of this Cape Town conference were the best they had ever encountered.

I really am most grateful to you, to Collin Swart and to your staff and would like you to know that I would not consider having another conference of this size without the input of The AV Alliance.

Kind regards

Sally Elliott
