Dear Collin

Dear Collin  
■ ■ ■  
**IEC GENERAL MEETING OCTOBER 2005**

On behalf of the South African Bureau of Standards we would like to thank you for your input which helped to make the IEC General Meeting 2005 such a success.

We have had so many compliments on the successful hosting of the IEC General meeting, most of which refer to the calm manner in which the team made things happen. We cannot thank you and your team enough for being onboard and making it all happen.

The professional way it all just came together was very much thanks to your team being onboard. Without your friendly and professional service delivery we would not have been able to run such a successful event. Being part of our team on site made our responsibilities so much easier.

It was a pleasure to work with you and we will not hesitate to recommend your services or to make use of your services again.

Very best regards

Dr G Visser  
Director Standards South Africa
